"Problem Solving Your Dog's Behavioral Challenges"

Mini-Seminar

Instructor: Jana Nichols

Do you wish your dog would walk calmly on a loose leash? Would you like to have more attention and focus, even with big distractions? Do you ever worry about interactions between your dog and other dogs or people? Do you wish you could shout less and be able to stop repeating commands? Would you like to have better excitement/arousal control? If you answered "Yes!" to any of these questions, this seminar is for you!

In this 3 1/2 hour seminar, Jana will assess your dog's behavior, help you identify issues and strategize potential solutions. She will also send you home with a program of "homework" for making effective improvements in their behavior. Jana's philosophy is that what happens in the 97% of your dog's "real life," determines their performance in the ring, regardless of your sport.
